When the Leaders Attack List.

confused state of speculative opinion on the market.

The sentimental effect of the reduction of the St. Paul dividend and the sharp break in the price of the stock in London before the opening here, gave the market an appearance of heaviness, despite the bidding up of a few stocks at the outset. This manipulation was most pronounced in Heading. Great Northern preferred, and New York Central, and apparently designed to conceal selling eisewhere. When the leaders discovered that sales of this nature were being made they attacked the list and the whole market gave way.

attacked the list and the whole market gave way.

The bears widened the scope of their selling and stock which had showed decided strength earlier, particularly Great Northern preferred registered sharp losses. United States Steel was vulnerable and when it gave way to 55% it weakened the resistance of the general market. International Paper preferred converted an early loss of a point into a gain of over two points.

The leading bull in the outs crowd appeared to be pursuing his campaign with vigor. May started unchanged to 50 higher at 50% to 51c, and ross to 51% to 5 point into a gain of over two points. American Tobacco rose 7%.
